VOL. LXXXV. NUMBER 48

Cheryl Patterson won the Arion Award and Ronald Turzy the Sousa award presented at the Antioch High School Fine Arts annual award night.

Finale Saturday For Fine Arts Department

The Antioch High School Fine Arts Department will present its joint spring concert, featuring the Concert Band, Freshman Girls Chorus, All School Chorus, A-Cappella Choir, the Student Art Display and the Wind Ensemble at 8 p.m. in the auditorium Saturday, May 22.

The music to be presented will cover a wide variety of styles and themes.

From the vocal groups under the direction of Ralph Brooke you will have the pleasure of hearing such works as Tammy arranged by Lou Leaman, To Sie with Love by Marc London and the beautiful old standard hymn,

"God So Loved the World" by John Stainer.

The concert band and the wind ensemble under the direction of Joseph Rush will feature such works as His Honor's March by Henry Fillmore and Fingal's Cave by Felix Mendelssohn.

During the brief intermission there also will be an art display by the students in the high school Art Department which is under the direction of Mrs. Jane Craner.

This will be the last public performance by the Fine Arts Department and also will be the last time the instrumental groups will be directed by Rush, who has

resigned effective after the end of the school term.

Rush will be leaving after 13 years as director of Fine Arts and Instrumental Director.

At the Fine Arts Department award night, the Arion Award (Choir) went to Cheryl Patterson, and Ronald Turzy the Sousa award.

The outstanding actor was Bryan Sorenson.

Gold pin awards were given Dawn Ellis, Turzy, Tim Schrems, Dan Carriek, Chip Gross, Jim Moore, Janice Doolittle and

Murrie Appointed To Lake County Liquor Commission

Antioch Township Supervisor Lloyd Murrie has been appointed to the liquor commission by Lake County Board Chairman Ronald R. Coles of Lake Villa.

Other members are Supervisors Robert W. Depke, Warren Township; Harry G. Robin, Grant Township; Robert J. Dickson, Wauconda Township; and Harry Knigge, Elia Township.

New Names Sought For Project Vietnam

Another mailing list of Antioch servicemen stationed in Vietnam is being compiled by Mrs. Jane DeVore of the Antioch Post Office.

It is part of the community's well-known Project Vietnam which has remembered some of the village's sons who have served in the Western Pacific nation.

Anyone having or knowing of new Antioch servicemen in Vietnam is asked to submit the name to Mrs. DeVore so he will be

remembered in this latest effort. Mrs. DeVore requests that the names be turned in by Monday, May 24.

All donations of Kool Aid, wash clothes or cash will be accepted at the Antioch Post Office.

Harry Brehen who has been active with the worthwhile project since its founding has retired.

Mrs. DeVore and other postal worker intend to continue the project.

HOD Asks Increase In Garbage Pickup Rates

An increase in the monthly garbage pick up rate was requested Monday night by HOD at the Village Board meeting.

John Horak, president of HOD, proposed a \$4 monthly fee representing an increase of 50 cents for the twice-a-week pickup service, and from \$2.75 to \$3.25 for the once-a-week service.

Horak explained the increase is to meet the growing cost of operations.

He requested the increase to be effective July 1.

Village Mayor Raymond Toft said the garbage pickup hike will be discussed with Horak by a committee representing the board.

In other business, the board opened bids on a new half-ton pickup truck.

Apparent low bidder was Pedersen Brothers Implement Co. on its price of \$3,042 less \$852 on a trade in for the figure of \$2,190.

Lyons-Ryan Ford filed a bid of \$3,016.24 with \$849.12 on trade-in for a cost of \$2,221.13, and John Teresi Chevrolet - Oldsmobile, \$2,350 including the allowance for the trade-in.

No contract was awarded until the committee has had a chance to study the bids.

Two bids were received for the paving of six village streets including Crest and Hillside, Maplewood, Highland, First and Oakwood Drive.

The Liberty Asphalt Products of Grayslake was the apparent low bidder of \$51,822.75 in addition to allowing for a 10 per cent discount if the parking lot on Broadway is included. This would cut the price to \$46,640.47.

Skokie Valley Asphalt Co., Des Plaines estimated the paving cost at \$57,438.

By a vote of 4 to 2, trustees annexed 32 acres of Pheasant

Band Set For Trip To Capital

The Antioch Grade School Band members are busy these days working on the music for their trip to Washington, D. C.

The highlight of the trip will be the concert played on the capitol steps on June 21.

This concert was arranged for them by Congressman Robert McClory.

The band members have earned the money for this trip themselves under the sponsorship of the Antioch Grade School Band Parents Association.

This organization will hold a bake sale at Quaker Industries Thursday, May 27 to help defray expenses.

Parade To Be Held Memorial Day

A parade will be held on Monday, May 31; Memorial Day in Antioch.

The participants will gather at 10 a.m. at the high school parking lot. The step off time is 10:30 a.m.

Those organizations and others wishing to be in the parade should contact John W. Horan, Antioch, for further information.

The program will be announced next week.

4-H King Speaks Before Antioch Group

Gary Wells, 4-H King for 1971, was the speaker at the May meeting of the Antioch Adventurers.

His subject was "How to Use Electricity Safely." He also explained the electricity project to the Club.

The club's Achievement Day will be July 11.

An all-day picnic and exhibit of projects is planned.

Characters from Mother Goose came to life Wednesday, May 12 at the Mother-Daughter banquet at St. Stephen Lutheran Church. Costumes for the event were designed and created by the children playing the nursery rhyme roles and helped by their mothers. Left to right are Kristin Ring, Wendy Laursen, Barbara Bailey, and Kirsten Laurin.

Toft Appoints Spong Zoning Board Chairman

Grant Spong, president of the Antioch Chamber of Commerce and official of Quaker Industries, has been appointed chairman of the important Zoning Board of Appeals.

He succeeds Thomas Haley, whose reappointment had been

doubtful the past 60 days.

However, Haley remains a member of the Zoning Board. His term does not expire until 1975.

Spong succeeds Art Larson, who resigned. Spong fills an unexpired one-year term.

Art Wegner was appointed to the board to succeed Jack Polan who resigned.

Mayor Raymond Toft named himself and Trustee Margaret Nelson to the Plan Commission. He said he would name the five other members of the commission at the June 7 meeting.

Other appointments confirmed Monday night were Charles Maplethorpe as public works superintendent; Dr. James Kopriva, health officer; Edward Frazier, Civil defense director, and Edgar Simonsen, assistant Civil Defense Director.

In other business, seven volunteer firemen with a combined service of 210 years were honored

also was established at \$300 a year. Mayor Raymond Toft is the commissioner by virtue of his election as president of the Village Board.

Post of liquor commissioner Salaries of Police Chief Jack Davis and Public Works Supt. Charles Maplethorpe were raised by \$600 in action Monday night by the Village Board.

The increase boosted their annual salaries to \$9,600.

Other raises voted by the trustees were for the foreman of public works department, and four other employees. Each was given \$300 more for the 1971-72 fiscal year.

Extra employees will get \$2.75 an hour.

Overtime pay was raised from \$3.75 to \$3.85 an hour.

No increases were announced for other members of the police department.

Hourly pay scales were established for dispatchers. Hourly scales of two were set at \$3 an hour, while two others will get \$2.50 an hour for six months.

After the six-month period, they will be raised to \$2.75 an hour.

The salary of the collector was upped to \$6,800 from \$6,656; treasurer, \$6,280 from \$6,136; building commissioner, \$8,550 from \$8,400;

Sailor Finishes Gunnery School

Navy Petty Officer Third Class William C. Hansen, son of Mrs. Robert H. Hansen of Route 4, Antioch, has graduated from the Gunnery "C" School at the Service School Command, Naval Training Center, Great Lakes, Ill.

Mayor Raymond Toft has officially proclaimed Friday and Saturday, May 21 and 22, as American Legion Poppy Days for Antioch. Al Fronek, standing, Legion Poppy chairman, states "The American Legion and the American Legion Auxiliary programs of rehabilitation, service work and child welfare assistance, which are made possible only by this annual distribution of Poppies, deserve the full, generous support of every Antioch citizen." Mrs. Ray Rathmann, Poppy chairman of the Antioch American Legion Auxiliary 748, presented Mayor Toft with the first official Poppy and thanked him for the proclamation.

Lake County Women Offered Free Pap Test

The Professional Education Committee of the American Cancer Society, Lake County Unit, is again sponsoring a Free Pap Clinic to be held at the Barwell Settlement, 201 Liberty St., Waukegan, on Tuesday, June 1, from 9 a.m. to noon and 1 p.m. to 4 p.m.

Dr. Peter Vineguerra, president of the Lake County Unit, said, "This clinic is free to all

Lake County women that wish to avail themselves of this opportunity. The Free Clinic is part of the Education Program of the American Cancer Society to stress the importance of the Annual Check-up for early diagnosis and treatment of Cancer.

"There will be 2,500 new cases of Uterine Cancer in Illinois this year. Uterine Cancer could be 100% curable if detected early,

Attendance at the Pap Clinic, or a visit to your family physician for a Pap test, cannot be stressed strongly enough. We want to wipe out cancer in your lifetime."

Appointments may be made by calling the American Cancer Society, 336-9293.

People may come to the clinic without an appointment, but they will have to wait their turn.

Fly Your Kite

Kite flying has been in existence since four centuries before the Christian era.

One version of history says the sport was invented by the Greek scientist Archylas of Tarentum.

Down through the ages, kite flying has been the national past time of the Koreans, Chinese, Japanese, and Malaysians. In Asia, kites have been flown to keep evil spirits away from one's family.

In the late 1900, kites were used to strengthen military advantage.

But even if you fly your kite just for fun, safety is extremely important.

There are several important safety rules to remember. When building your kite, use wood or plastic sticks, cotton or nylon string, and cover the frame with paper, cloth or plastic. The most common danger is electrocution, which often occurs when a kite gets caught in electric high tension wires.

If it does get caught, don't try to rescue it. Make a new one. Metals, wire, and even metallic threads in the string conduct electricity and can cause sever harm.

A wet string is also a conductor of electricity, and a charge can ground itself easily through wet shoes on wet earth—through you. Fly on dry days in an open field, on a beach or golf course.

Trees, telephone lines, electric wires, ditches, stones and stumps are potential hazards. Don't run barefooted. You can avoid injuries to your hands—such as string burns and entangled fingers—by holding your line with a stick.

Follow these safety hints to make your kite flying as safe as possible.

Riding Power Mower

The power mower is one of the greatest inventions since grass but too often it becomes a dangerous weapon when it is used by amateurs and children. They fail to take the business of mowing the lawn seriously. Relaxing at home, they mow in bare feet or sandals, and in long sleeved or loose clothes that can easily catch in the machine.

And the latest trend in power mowers—the riding type—makes the work even easier. However, this type of mower has its own special hazards. The Lake County Safety Commission recommends that you give it the same respect that you would the family car:

Read and be sure that you understand the instructor's manual. Riding mowers have some rules that differ from the push type. For example, when using push type mowers on a slope, you would walk behind the mower along the side of the hill as in contour farming. But with a riding mower you go directly up and down a slope since the mower is more stable in this direction. If the slope is too steep, however, it is best not to mow it with a power mower at all.

Before you start mowing, clear the area of any debris. It is surprising what a pre-cutting inspection of a play area will reveal—small toys, blocks, rocks. Any of these can become missiles which will injure bystanders if picked up and thrown by the mower.

It is a good idea to keep everyone, especially children away from the area while you are mowing. Children are likely to run in front of you, to try to chase the machine. A tiny foot can slip in the blink of an eye—too quickly for you to take the action necessary to prevent an accident. Always check behind a mower before you back up to be sure that a child hasn't come into the area while you were working.

Never allow children, or any adults who have not had the proper instruction, to operate the machine. Children and young teenagers cannot appreciate the hazards of this machinery and they do not know how to handle it properly in an emergency. In many cases it is too heavy for them to control, even if they know what they are doing. The safest thing to do is keep children and power mowers of any type separated.

Never leave the mower running when you

A silver pin in art was presented Sharon Prange.

Researchers Discover 1st Element Molecule

A five-member team of scientists from the University of Illinois at Urbana-Champaign has discovered the first molecule in space to contain four chemical elements.

The discovery, reported recently in a circular of the International Astronomical Union, was in a region of the Milky Way where radio astronomers found most of the 12 other molecules—all containing three or fewer chemical elements—which were discovered in space during the last three years.

Members of the team were Prof. George Swenson, Jr., and Research Associate Robert Rubin, astronomers, and Prof. Richard Benson, Prof. W. H. Flygare and graduate student Howard L. Tigelaar, chemists.

The investigation was supported by the National Science Foundation. The U. of I. scientists used the 140-foot radio telescope of the National Radio Astronomy Observatory at Green Bank, West Virginia.

Current events are so grim. "You don't know whether to watch the 6 o'clock news and not be able to eat dinner, or the 11 o'clock news and not be able to sleep."

College Will Offer Summer Classes

The College of Lake County will offer an eight-week summer session from June 14 to August 6. Both day and evening college credit courses will be offered to students who are interested in beginning or continuing college work.

Registration for day and evening classes will be held in the Learning Resource Center on the Grayslake college campus on June 10 and 11. Students enrolling for the summer session will be able to complete advisement and registration in a single session. Students not employed during the day are encouraged to register between the hours of 9 a.m. and 4 p.m. according to the published day registration schedule. Students employed during the day may register between 6 p.m. and 9 p.m. according to the published evening registration schedule.

All summer session classes will be held on the college campus. More than 100 college credit courses of eight weeks duration will be offered, in business, humanities, social sciences, biological and health sciences, physical sciences, mathematics, technologies and developmental services.

Four-week foreign language sessions will be offered between June 14 and July 9 in French II, German II, and Spanish II. The five noncredit adult continuing education classes offered are Home Landscaping, Shorthand speed building, Typing Production and Speed Building, Fundamentals of Digital Techniques, and Group Counseling.

A. Harris Moeller, CLC director of Admissions, stated that "Admissions at the College of Lake County is open to all high school graduates and certain non-high school graduates who can benefit from programs or courses

offered by CLC. Students who are enrolled in high school with junior or senior standing may be admitted as special students, upon completion of the usual application forms, and submission of a letter of approval from the high school in which they are presently enrolled. Any student or prospective student having questions regarding the summer session admissions or registration, should contact me at CLC, 223-8193, extension 10."

McClory Receives Record Response

The semiannual poll of 12th District residents has met a record response in the office of Congressman Robert McClory. Some

December 22—prior to the Christmas break—with the spring semester beginning on January 24 and ending May 26, 1972. With the earlier beginning date for the 1971 fall semester, we encourage all applicants to submit an application for admission prior to June. New students will register in the order the admission file has been completed. Therefore, students submitting all of the necessary credentials early will be able to complete registration first."

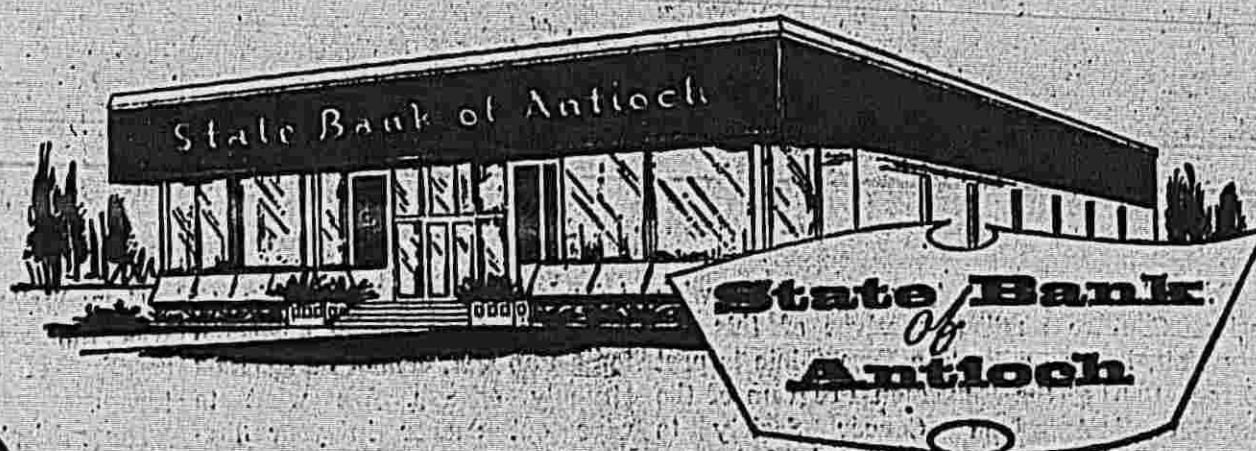

30,000 questionnaires out of a total of more than 140,000 distributed in the District's households have swamped the Congressman's office. The answers to the 12 key questions in this year's poll are to be tabulated shortly and results of the tabulation will be distributed to District residents. Shown in the accompanying photograph with mail sacks of completed and returned questionnaires are the Congressman with members of his Washington staff, left to right: John Weyland, legislative assistant; Juanita Braxton, receptionist; Congressman McClory and Julie Leason, Secretary.

Father's Day—Xmas In June

Father's Day will be celebrated on June 20 this year when the nation will pay tribute to the heads of nearly 50 million households with gifts.

The projected volume of \$1 billion for this year's presents to Dad makes Father's Day the second-biggest gift-giving holiday of the year — topped only by Christmas.

Since flowers and candy have a lower price tag than a bottle of Scotch or a box of fine cigars, the study shows, Father's Day accounts for a bigger dollar volume than Mother's Day. It is a women's market and more than 75 per cent of the gifts will be purchased by mothers and daughters.

Father's Day was started by Mrs. John B. Dodd, a Spokane, Wash. native who, with her brothers and sisters, was raised by her father after her mother's death. She started a campaign back in 1909 to establish a Sunday in June to honor all fathers. The idea was a popular one and it caught on quickly. In June of 1910, the first Father's Day was celebrated.

In the 61 years since Mrs. Dodd's efforts were rewarded with the first Father's Day, she has seen it become a national tradition.

Architectural Fees Are Freed By Gov. Ogilvie

Rep. John H. Conolly, Waukegan, announced that Gov. Richard B. Ogilvie has released \$19,630 for architectural fees to be used in connection with planning additional additions and alterations for Illinois Beach State Park in Zion, Lake County.

Conolly said the money is from an appropriation made by the 1970 session of the General Assembly to the Illinois Department of Conservation for use during the current fiscal year ending June 30. The money is from the General Revenue Fund.

Several years ago, he said, a project was begun to expand and remodel the lodge facility at the park. That project is completed, he said, but significant additions to the original scope of work have been made by the Department of Conservation.

PM&L To Close Season With Excellent Comedy

Nostalgia rolled onto the stage of the PM&L Theatre, 877 Main St., Antioch, these past two weekends, and laughter followed it from curtain to curtain.

"You Can't Take It With You" may prove to be one of the steadiest, most smoothly paced shows this community theatre group has yet produced. There is still one weekend left for area theatre goers to see this delightful comedy on May 21 and 22. Three individual performances must be mentioned. Valerie Hunley as the mother of this wild, wild family is a true delight in an extremely demanding role. Bob Lindblad as Grandpa Sycamore and Richard Irmen as a deposed Russian can be credited with two very well paced characterizations.

More than anything else though, the play was an excellent ensemble effort under the direction of Don Beveroth from Paddock Lake, Wis., who is on the English staff of Antioch Community High School.

Some of the credit, of course, must go to the play itself. An old "barnburner" it may be, but well constructed plays like "You Can't Take It With You" are becoming increasingly rare in modern theatre.

Other cast members are Becky Montooth, Marian Schultz, Ma-

chael and Richard Irmen as a deposed Russian can be credited with two very well paced characterizations.

Environment is much more than mountains, forests, and rivers.
Environment is each little world every person spends his life in, his shop, office, kitchen, corner store.
Environment is the small as well as the big-as-all-outdoors.
Commonwealth Edison is concerned about both parts of the environment—the big and the small. You may already be familiar with the facts about the coal boilers we've retired, the new fuels we've been using, and the fumeless, clean, nuclear plants

we have in operation or under construction. And, of course, you're familiar with the important things electricity does when you turn on a light, or go to an air-conditioned theater, or have need of a hospital.
While we are working on ways to help clean up the air and the water, we're also involved in all the things that people use to make their worlds easier, healthier, more comfortable, and just a little brighter.

Creek Development in the northwest corner of Antioch.

The developers paid \$16,000 or \$500 an acre to come into the village.

Opposing the annexation were Mrs. Margaret Nelson, a new trustee and Vern Barnstable.

Favoring were Arnold Weber, a new board member; George Bartlett, Robert Wilton, and J. Irving Walsh.

"I was opposed to it in the beginning," said Barnstable. "I believe we should see that persons in the village with vacant property should have the right for sewer and water facilities."

The trustees also approved amending the Zoning Ordinance to allow 22 of the 32 acres to be used for multiple housing.

Developers plan to build 10 12-unit apartments on the site. The apartment units will not be built all at once time, but only when 80 per cent occupancy is assured in one structure before moving on to another, it was said.

Ten acres will be used for single family housing. Supporters of the project are doctors and businessmen from Antioch.

A special committee has been appointed by Mayor Toft to study the application for a building permit to construct a complex with 36 apartments on Main Street.

Members are Walsh, Wilton and Barnstable. They will meet with Walter Delancy, building commissioner, to discuss the proposed project.

\$2,900,560

During the 1969-70 fiscal year, \$2,900,560 was loaned from all funds to 10,102 students by the University of Illinois.

Repayments on loans made in 1969-70 and previous years totaled \$1,135,368.

The amounts were included in a special report by H. O. Farber, U. of I. vice president and comptroller.

Trustees decided to drop any attempt to get an agreement with the state to maintain Rte. 59 (Lake Street) between Rte. 173 and Rte. 83.

The state said that the village would be entitled to \$255 for maintenance and with the clerical work involved, it would not be worthwhile to the village.

The state said it keeps crews in the Antioch area to maintain Rte 173, and added the same men could be used to take care of Rte. 59 in the village.

"The state's decision will have no bearing on widening of the street.

Hahns Return Home After Month's Trip To Europe

Mr. and Mrs. George Hahn of Antioch have returned home after nearly a month's business and pleasure trip to Europe.

The Hahns who operate Hahn's Jewelry and Gift Shop on Main Street purchased a frog sculpture made of jade, an elephant made of Tigereye, and a penguin of white and black agate.

The items were purchased in Idar-Oberstein, Germany.

Mr. and Mrs. Hahn visited Switzerland, touring watch and china manufacturing plants. A place visited was St. Croix, Switzerland, where is located the Cuckoo Clock Manufacturing plant.

In addition they visited museums where on display are antique clocks and watches—some of which were the first to be made.

"It was an exciting and wonderful trip," the Hahns said. They also attended the Swiss

Trade Fair and visited Amsterdam, Holland, where they saw diamonds cut.

The Hahns visited six countries including Switzerland, Germany, France, England and Portugal.

They returned with precious gems now on display at their store. Other merchandise they purchased on their trip is expected within the next few weeks.

3 Cited For Their Roles In PM&L Play

By Joe Rush

For those attending the opening of the PM&L production "You Can't Take It With You" a night of good solid entertainment was to be had.

The entertaining performances of Valerie Hunley as Penelope, Bob Lindblad as Grandpa and Mavourneen Scolaro as Alice made the show.

The supporting cast did a nice job for opening night, but at times lacked the conviction of their parts, essentially this was true in the third act in their one heavy scene. It might be added that Mike Ciesielka who was the hero as Tony Kirby did a very nice job in Acts I and II but again could have added a little drive in

Act III and come off a little more of a hero.

The staging was very well done and considering the problems that Don Beveroth, (the director) must have had with the small stage, the scenes and act changes came off very well.

I certainly would recommend to all to pay the price of a ticket and see the show. It will be a most enjoyable evening. One more member of the cast "bears" a word here in that it was his first performance on an Antioch stage and certainly did a fine job of carrying the evil lady down the stairs. Thank you, Mr. Ellison.

Make plans now to attend the show this week-end, May 21-22.

200 Attend Annual Scout Event

More than two hundred persons attended the Oak Plain Boy Scout Annual Meeting at the Sheraton Inn, Waukegan.

In his annual report, Judge Fred H. Geiger, President of the Council announced some interesting statistics, illustrating the growth of Boy Scouting in this area.

During 1970 Oak Plain Council experienced an 8 per cent growth in the number of packs, troops and posts, and there was a 7 1/2 per cent overall increase in boy membership.

Ralph Kroehler, Executive Director of the Council pointed out that there had been a 100 per cent growth in trained leadership in his Council. "It is not widely understood," said Kroehler. "That in addition to serving boys and young men, Scouting serves adults through an intensive adult educational program." He went on to say that a total of 1,950 adults took part last year in educational opportunities which included techniques of youth work; committee organization; health and safety; camping and outdoor skills. Kroehler pointed out that these skills are transferable to all civic organization and are not specifically geared toward Scouting alone.

The annual report showed that 4,960 boys had been served by the Oak Plain Council during 1970.

Statistics compiled at the close

of 1970 showed that 41 per cent of all Oak Plain Council units served boys from Black and Spanish Homes. Kroehler said, "14 per cent of all Scouts in our area are Black or of Latin American origin."

Other statistics of interest included in the Council's 1970 Annual report were: 9 per cent of all boys served by this agency are from "single parent" homes 1 per cent are physically or mentally handicapped. "It is interesting to note that 35 per cent of all boys of cub scout age in this area are actually Cub Scouts," said the Council Executive Director. He said that 32 per cent of all boys of Scout age are taking advantage of Scouting and 5 per cent of all High School age boys are either in Boy Scouts or Explorers. "This means," said Kroehler "That 27 per cent of all local eligible boys are either in Cub Scouts, Boy Scouts or Explorers." This figure represents a 2 per cent improvement on the national average.

Catholic Laity Will Give Communion

A new liturgical role for officially designated lay persons, to assist parish priests when help is needed to avert long delays in distributing Communion, will become possible in the Archdiocese of Chicago on the first Sunday of July, 1971.

The intervening two months between now and July 4 will permit explanation to the people of the reasons behind the innovation and the conditions for its granting. The period will also allow time to select and train the "extraordinary ministers," as they are called.

In making the announcement today, the Most Reverend Thomas J. Grady, chairman of the Liturgical Commission of the Archdiocese, emphasized that the Church has always made allowance for extension of the customary ministry in dispensing Sacraments. "For example, when there is danger of death, a lay person may baptize; and under certain circumstances, a priest who is a hospital chaplain may confirm (in place of a bishop), etc."

A real need must be seen within a parish, however, by the pastor and his staff, for the naming of extraordinary ministers. The concept originated in missionary areas where priests are few. It has been extended within the last 18 months in several dioceses of the United States. Recently it has become possible for the bishop of any diocese in the country who so wishes to grant the permission to lay persons or religious. The need may be ap-

parent due to an exceptional number of communicants in relation to the number of priests available; or temporary illness of a priest; or perhaps the length of time needed on those occasions when the congregation receives Communion under both kinds, wine as well as bread.

In any event, the lay persons who will provide this help must fulfill three conditions: their names must have been submitted in writing by their pastor to the bishop, and they must then receive an "official mandate" issued to them personally by John Cardinal Cody; they must undergo a period of training or "formation," as to the theological and liturgical significance of their particular role; there must be time for thorough understanding by the people of a parish of the part to be played by the "extraordinary ministers," and a public liturgical announcement of the designation of individuals before they begin to function. Persons selected—men or women—will thus form a specific group, readily recognizable in the local Church. There is nothing casual or impromptu about their service. Their function is not to be confused with the duties of other lay participants in the Mass, as lectors, servers, etc., but must be clear and distinct.

The training sessions will be held in different sections of the diocese on various evenings, with times and locations well-publicized in advance. These will be repeated periodically for instruction of additional candidates as needed. The Archdiocese Office of Divine Worship, under direction of Rev. Daniel P. Coughlin, will make available possible forms for the ceremony and other instructional materials to prepare people for understanding of the privilege.

There will be a board meeting of the 10th District American Legion Auxiliary on Monday, May 24th, at 6:30 p.m., at the Garrett-Langvad American Legion Home in Winthrop Harbor. A potluck supper will precede the meeting, which will be conducted by Mrs. Robert Broege, Deerfield, District President. This will be the concluding board meeting for this year's officers and chairmen. Representing the Antioch American Legion Auxiliary No. 748, will be district chairman, Mrs. Edward Jahneke, Communications; and Mrs. Ray Rathmann, Junior Activities.

At the Department (State) Junior Conference, held May 8, in the auditorium of the Church Hill.

Lomans Return From West Coast Visit

Mr. and Mrs. Frank J. Tomon of Felter's Subdivision have just returned from a three week vacation to the west coast.

This was a pre-celebration of their silver wedding anniversary, June 22.

Places of interest visited were Knotts Berry Farm, Disneyland, Busch Gardens, San Juan, Capistrano and Sea World. They also stayed at a health spa in Desert Hot Springs, Calif.

On their way from San Diego, they stopped at Lawrence Welk's famous country club, Mobile Estates and Inn.

Most exciting was when Mr. Tomon co-starred with Dean Martin on closed TV circuit.

Teacher In Antioch For 25 Years

Mrs. Jeannette Tulumello is completing 25 years of instruction in the Social Studies Department of Antioch Community High School.

Mrs. Tulumello graduated from

Jeannette Tulumello

the Sheldon Community High School, Sheldon, in 1928. The Bachelor of Arts degree was granted in 1949 by Illinois State University. Attendance at the University of Illinois Graduate School earned her the Master of Arts degree in 1944.

Additional graduate study was done at the Universities of Missouri, Miami, and Columbia.

Mrs. Tulumello taught at Gilman, Sheldon, Wellington, Modesto, and Scottland prior to accepting a teaching position in Antioch in 1946.

Junior High School at Galesburg, the Sharvin Unit Juniors "Red Jacket" Choir placed first in the state for their second consecutive year in choral competition. According to Mrs. Rathmann, District Chairman, there were approximately 50 Juniors and senior members at the Conference from Antioch; Deerfield, Lake Zurich, Mundelein, North Chicago and Waukegan.

Mrs. Rathmann and Juniors, Susan Rathmann and Colleen DeVries, were in attendance from the Antioch Unit.

The 10th District American Legion and the Auxiliary held their annual picnic for the children from Arden Shore Home, the Allendale School for Boys, and the Lake Villa Central Baptist Children's Home Sunday, May 16th, at the Lake Region's American Legion Home in Fox Lake.

Mrs. William Dowden, Antioch unit Children and Youth chairman participated in this event.

The District Illinois Girls' State chairman, Mrs. Chester Schwerman, Libertyville, announced that there is now a traveling trophy plaque to be awarded the Girl States in Lake County who writes the best summary of her experiences at Illinois Girls' State. John Mould of Wauconda, State American Legion Field Representative, is presenting this plaque in memory of his wife, Ruth, Immediate Junior Past District President, who died last October.

"Show Them You Care—Wear a Poppy Red Everywhere" is the slogan of the Illinois American Legion and the Auxiliary, and Poppy Days will be May 21 and 22 in most Lake County communities.

Hospitalized and disabled veterans have been busily engaged for months assembling over a million red poppies which will be offered to the public during the 47th annual Poppy Days of the American Legion and the Auxiliary.

More than \$12,000 will be paid directly to the veterans fabricating the little red Memorial Poppies. The remainder of the funds contributed will be used for rehabilitation service and relief work among disabled veterans and their dependents.

The job of making the poppies provides the opportunity for handicapped veterans to receive remuneration while hospitalized. The American Legion pays the veterans for the poppies they make. For many veterans, it is the only chance they have to earn funds for themselves and their families.

"We Ask the Public to Be Generous," Mrs. Henry Helmsloh, Lake Zurich, District Poppy Chairman says, "It is a small gesture to make for those who have sacrificed so much for you!"

Antioch American Legion and the Auxiliary Poppy Chairman, Al Fronck and Mrs. Ray Rathmann, respectively, need as many volunteers as possible. Each year the need is greater as our VA hospitals receive more and more wounded men. Anyone wishing to volunteer their services and time should contact Mrs. Rathmann at 395-3333.

Organ Group To Meet

The Lake County Hammond Organ Society will present an organ duo program by James Brill and Robert Plotz at its meeting on Tuesday, May 25, at 7:30 p.m., at the Lindenhurst Civic Center.

Librarians Meet At Lake County College

Fifty-eight representatives from school, college, special and public libraries in Lake County, plus representatives from the library at the University of Wisconsin at Parkside and the Illinois State Library in Springfield, met at the College of Lake County.

The conference was called, "Focus on Cooperation," and featured a panel discussion, followed by an informal interchange of ideas and problems by participants. Dr. S. Robert Hoekstra, administrative assistant to the President, welcomed the group to the college.

Ruth Gregory, Waukegan Public Library, began the meeting by asking, "How can public libraries work in constructive ways with other libraries . . . to provide service to the entire community?"

Robert McClaren, Director of the North Suburban Library System, responded by stating that "Cooperation is a mutual sharing of resources and services for mutual gain of all residents of the county. It is a giving and receiving process, a balancing of outflow and inflow."

Mr. Allan Sevigny, Library Program Officer of the United States Office of Education was a member of the panel. He applauded the presence of a librarian from Wisconsin, noting the approach of cooperation that would cross state lines.

A great deal of discussion centered on two documents quoted by Miss Gregory. She cited "Minimum Standards for Public Libraries in Illinois," published by the Illinois Library Association. She also mentioned the American Library Association's statement, "Standards for Library Functions at the State Level."

During the coffee hour that followed the meeting participants expressed interest in continuing the group. Future meetings were suggested to explore ways of sharing both resources and services.

Grass Lake Girl Scouts To Be Rededicated Friday

On Friday, May 21, at 7:30 p.m., the Grass Lake Girl Scout troops will be rededicated. The evening will open with a flag ceremony presented by Brownie Troop 210. Three Brownies will fly-up to the Junior Troop. They are Kelly Hassett, Mary Rose Mattson, and Debbie Teml.

Four Junior Scouts will become Cadets. They are Maureen Fucella, Liz Benes, Cheryl Wojnowiak, and Velma Jorgenson.

Denise Genduso will be invested. This is her first scouting experience.

Mrs. Pat Thamerus will invest Audrey Allen, Jean Benes, Vienne Genduso, Beverly Mattson, Nancy Traves, Mary Beth Walsh, Elaine Wojnowiak, and Jackie Wojnowiak as leaders and committee members of these troops.

Each of the troops will present a brief period of entertainment. This is an excellent opportunity for the people of the community to come out and meet the Scouts and their leaders and learn what the scouting program is all about. Refreshments will be served.

vide service to the entire community?"

Robert McClaren, Director of the North Suburban Library System, responded by stating that "Cooperation is a mutual sharing of resources and services for mutual gain of all residents of the county. It is a giving and receiving process, a balancing of outflow and inflow."

Mr. Allan Sevigny, Library Program Officer of the United States Office of Education was a member of the panel. He applauded the presence of a librarian from Wisconsin, noting the approach of cooperation that would cross state lines.

A great deal of discussion centered on two documents quoted by Miss Gregory. She cited "Minimum Standards for Public Libraries in Illinois," published by the Illinois Library Association. She also mentioned the American Library Association's statement, "Standards for Library Functions at the State Level."

Drug Book By Red Cross Is Now Available

Edward Dollard, regional administrator of the Mid-America Chapter of the American National Red Cross in Waukegan, today announced the publication of a booklet, titled, "Drugs and Their Abuse."

This publication is intended as a supplement to the Red Cross First Aid Manual, which is available at 308 Julian Street, Waukegan at \$1.

Dollard said, "This material has been prepared to provide students of Red Cross First Aid courses and interested individuals drugs and their effects, accepted medical uses when applicable, problems of overdose and abuse and first aid procedures."

American National Red Cross, Mid-America Chapter is a co-operating service of United Community Services of Lake County.

CHRISTIAN SCIENCE CHURCHES

"Soul and Body" is the subject of the Bible Lesson-Sermon Sunday at Christian Science Church services.

One of the Scriptural verses is from Psalms: "In the multitude of my thoughts within me thy comforts delight my soul."

A related passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter. Therefore 'acquaint now thyself with Him, and be at peace'."

First Church of Christ, Scientist at BEACON HILL, Rte. 173 and Harden, Antioch, Ill., holds Sunday services beginning at 11 a.m. Everyone is welcome.

Participating in the enactment of nursery rhyme roles at the St. Stephen Lutheran Church Mother-Daughter Banquet were from left Sue Amundsen, Debbie Rentner, Diana Rentner, Diane Walsh and Laura Rau. Others who had parts were Jeannie Lindgren, Karin Laurin, Lisa Cleven, Debbie Nystrom, Laura Erickson, Beth Mueller, Chris Ann Bailey, Romyne Rau and Dale Weiss.

Gurnee's May Hits Speedway Pay Dirt

"Rapid Robert" May of Gurnee had the biggest pay-day of his four-year racing career as he edged Chicago's Bob Roper by two car lengths in the 30 lap late model feature Saturday night at the Waukegan Speedway before the largest crowd of the year.

Waukegan favorite Jim Cossman escaped serious injury in the 8th lap of the feature race when his Chevrolet was seriously damaged in a high-speed three-car crash. Cossman was running second to Roper at the time.

Even though a few sprinkles fell throughout the evening, the warm weather and the hot early season

competition drew one of the largest crowds since the track was paved 2½ years ago.

The feature shaped up to be a real good race as the top cars were running very close in lap times. Dave Stirsman of Highland Park, Al Gutche of Bristol, May and Roper had each won one preliminary event and Cossman had run strong in the preliminaries. A third heat accident almost caused Cossman to miss the feature, but extra effort by his pit crew got him ready before the green flag fell.

Stirsman paced the opening lap with Gary Zobel of Mundelein

passing on the third turn in the next lap to lead. A restart was required in the third lap after Tom Credit of Melrose Park hit the wall at the starter's stand and spun into a bad parking spot.

The restart saw Zobel in the lead, followed by Roper, Cossman, Tom Jones of Northbrook in his first start of the year, May and Carl Major of Chicago. Roper and Cossman both got by Zobel in the next lap and Cossman made several attempts to work by Roper. May was third on the 5th lap and Major took fourth in the next lap.

Then in the 8th lap Rick Delaney of Keeneyville spun in the third turn, just as the leaders approached. With the four leaders nearly bumper-to-bumper, Roper was able to dodge the car, but Cossman spun sideways and into Delaney's stalled car. May nearly kissed the wall, missing the pile-up while Major spun, not hitting anyone. The worst damage came as Zobel missed seeing the red lights and crashed into the driver's side of Cossman's car full-tilt.

The remainder of the race was a three-way battle between Roper, May and Major as the three seemed evenly matched speed-wise. After racing wheel-to-wheel and bumper-to-bumper with Roper for three laps, May forged in front on the first turn of the 13th lap with Major right behind.

Major now threatened May's lead with Roper right behind for the next ten laps before Roper took 2nd in the 23rd lap. Apparently the pace was too much for Major's engine as three laps later it blew in a ball of flame

and the race was strictly between May and Roper.

These two drivers had tangled in a last lap finish just two weeks ago here at Waukegan and the fans braced for another last lap charge by Roper; however, May extended a one carlength lead to two in the final lap. Jones finished third followed by Al Gutche and Lou Clavey.

The hobby feature required two red flags as the competition for top spot was close throughout the race. In the final three laps the leaders were Ed Smith of Gurnee, Tom Reuss of Wildwood and Cheryl Arnda of Milwaukee. With two laps to go Reuss got the lead, but Smith was in front as the leaders came for the white flag. Then Reuss found an opening and took the lead for good with Smith finishing second and Arndt in third spot.

There will be three nights of stock car racing at the Waukegan Speedway over the Memorial Day weekend. The hobby division and sportsman cars will combine in a special event on Friday night May 28th which will also include a powder puff derby for the ladies and a complete fireworks display.

Saturday night the late model stock cars will run in a 50 lap championship race and then Sunday will see the first 100 lap race of the year for the late model stock cars. Monday night will be saved for a rain date if it is needed. Phone 662-8200 for details.

SUNDAY'S RACES

Tom Jones of Northbrook made his second start of the year a successful one Sunday night at

the Waukegan Speedway as he ran away with the 30 lap late model feature in his 1969 Chevrolet. Bob Roper of Chicago ran second and Al Gutche of Bristol finished third.

Jim Cossman of Waukegan completely rebuilt the front end of his Chevrolet which was demolished in a violent three car crash Saturday night here at Waukegan. Although the car did not handle as well as usual, Cossman managed to finish sixth in the main event. Cossman has not missed a late model race at Waukegan since Gordon Sill took over the promotion of the track in 1963.

Calculator Tells You The Danger Of Driving - Drinking

A pocket-size calculator, designed to stimulate people to think more about the problem of drinking and driving will be offered to Illinois residents by the Governor's Traffic Safety Coordinating Committee (GTSCC).

The calculator, called the "Drink/Drive Calculator" by the GTSCC, will be mailed free to any Illinois resident who writes to Drink/Drive Calculator, Box 3077, Springfield, Ill. 62706.

The GTSCC membership considers the calculator to be a sensible, educational approach to this continuing problem.

"The best advice is still 'When you drink, don't drive,'" said Gov. Richard B. Ogilvie, GTSCC chairman. "But despite years of repetition of this phrase, the problem is still with us."

"A reasonable description of how each drink affects a person of a specific body size is a realistic and educational approach to the problem. We consider the calculator an educational tool for the driver before he starts drinking, when he is thinking clearly," Gov. Ogilvie added.

Equipped with circular scales, the calculator can be operated simply. A person first finds his body weight on one scale, and then matches that figure with a number representing one-ounce, 86-proof alcohol drinks on a second scale. He then reads an approximate percentage of body alcohol content in a top window. This percentage figure is based on drinks in one hour. However, a second window provides information concerning a two- to six-hour period of drinking.

In Illinois, one-tenth of one per cent body alcohol content means that a person is legally "under the influence" of alcohol, Ogilvie said. However, the Drink/Drive Calculator indicates that any person over five-hundredths of one per cent is in the danger zone and should not drive.

On the back of the calculator is a clear statement of its accuracy and intended use. "This calculator is only a guide and not sufficiently accurate to be considered legal evidence. The figures you calculate are averages. Food in the stomach affects the rate of absorption. Medications, health and psychological condition are also influential factors. Remember, the best idea still is 'When you drink, don't drive!'"

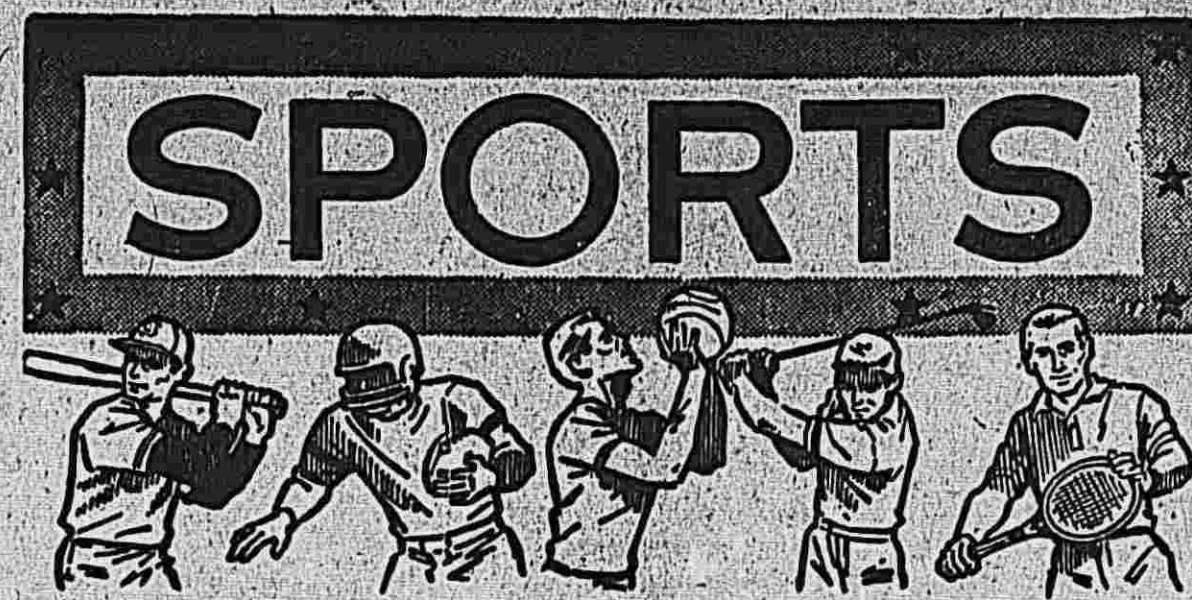

"Although both public and private agencies have been campaigning against drunken driving for years, the problem is still with us in catastrophic proportions," said Gov. Ogilvie. It is estimated that half of the traffic deaths last year in Illinois involved drinking of alcoholic beverages.

"The real motive in providing Illinois residents with a device such as the calculator is to stimulate their awareness and understanding of the inherent danger of drinking/driving situations."

THE ANTIOCH NEWS—6

Last year's winners pose with poster announcing the fourth annual State Bank of Antioch Junior Bowling Tournament Saturday at the Antioch Bowling Lanes. Left to right are Debbie Thibedeau, Jim Bloss, assistant cashier of the State Bank of Antioch; Cathy Wysoglad, and Larry Neau.

Concannon Speaker At Athletic Dinner

Quarterback Jack Concannon of the Chicago Bears will speak at the annual banquet honoring Antioch High School basketball and football conference champions, June 2 at Lorenz's.

A graduate of Boston College, Concannon will begin his eighth season in pro football in September.

He was traded from the Philadelphia Eagles to the Chicago Bears in 1967. He was the second round draft choice of the Eagles. Since joining the Bears, Jack has completed 51 per cent of his

passes, totaling more than 5,000 yards and 31 touchdowns. He has rushed more than 1,000 yards averaging more than five yards per carry.

He lives in Riverwoods with his wife and their three children.

The dinner is sponsored by the State Bank of Antioch, and the players, coaches and cheerleaders will be their guests.

Tickets for the event may be purchased by any other interested sport fans at the State Bank of Antioch or from Athletic Director Ward Lear.

State Bank Jr. Tourney Is Saturday

The fourth annual State Bank of Antioch junior bowling tournament will be held Saturday at the Antioch Bowling Lanes.

The pins over average tournament is open to junior and bantam members of the Antioch Bowling Lanes.

Trophies will be awarded to the first, second and third high game and high series in each of the four divisions.

The divisions include Junior-Senior League, Prep 1, Prep 2 and Bantam Leagues.

The tourney will be held all day Saturday. Boys and girls in ages 8 to 18 will compete.

Legion Nine Plans Tryouts

The Antioch American Legion Baseball Team will hold tryouts Saturday and Sunday, May 22, and 23 at 1 p.m. at the Antioch Community High School Playing Field. Jim Brownlee will be in charge.

Drivers Set To Open Wilmot Racing Season

Seventy or more drivers of the Interstates Racing Association are set to open the 1971 Super-modified and sportsman stock car racing season this week-end. The three times a week circuit of supers opens this Saturday night at Wilmot, Wisconsin on the Kenosha County Speedway Fairgrounds clay oval. On Sunday night, May 23, they will roar again at the Lake Geneva Raceway asphalt oval and then on Wednesday night, May 26, they return to the Raceway Park, Blue Island, Illinois asphalt banked track. These Wednesday night races will be televised live on Channel 26 in Chicago starting in June.

Returning to defend his impressive 1970 Track titles will be Champion Whitey Harris of Lake Villa who doesn't think he has much of a chance in a brand new super that has been disappointing in early tests. Harris says the "competition is definitely the stiffest that there has ever been around at the beginning of any season."

In addition to four former champions of the mighty modifiers will be Bill Strom, John Rank, Chuck Acheson, John Schum, Jerry Hester and Eddie Loomis of the Milwaukee area; and Bill Bohn, Kenosha, Larry Leach, Elkhorn, and Jim Baehles, Franksville.

Illinois also has a group of top contenders lead by Tom Ander-

son, Lake Villa, who will have two cars to better his chances for a first championship. Others in Lake County include Jr. Dodd and Roger Isle, Waukegan; Jim and Paul Cameron, Round Lake; Denny McKay, Bob Layland, and Deacon Huntley, Elgin; John Olson, Round Lake, co-rookie of the 1970 season; Dave Bliss, Fox River Grove; Ron Bergsma, Richmond and Jim Sullivan, Fox Lake.

Two Chicago area drivers will be in the IRA Circuit group this year. Roy Blinstrup of Darrjan and Don Harrigan of Downers Grove. The IRA Super Circuit this year will also include six race dates at the Santa Fe Speedway in Willow Springs. The first will be on Monday May 31 and the others will be Friday night dates.

College Will Offer 8-week Summer Session

There are many reasons why people come to summer school. High school students who have just graduated may enroll to get a head start on studying or adapting to the college situation.

Regularly enrolled students at the College of Lake County utilize the summer school to accelerate their program or to remediate deficiencies.

Students from other colleges use the community college summer school for the same reason. Teachers enroll in the summer session to brush up on knowledge or skills in areas of teaching to meet a requirement of the school district—or just for the fun of learning new things.

"Because the College of Lake County strives to respond to the needs and interests of community groups," stated Dr. R. Ernest Dear, CLC dean of instruction, "certain courses scheduled for the summer session have been designed with the teacher in mind. Among the wide range of credit courses offered on campus this summer are the following of special interest to the educator:

Art for Elementary Teachers (ART 126) provides teachers with practical experiences, materials and methods used in the teaching of drawing, painting, and design.

Introduction to Ecology (BIO 225) emphasizes man's relationship to his environment and is designed to update an individual's knowledge of local environmental conditions, conservation and ecology.

The Physical Education Department is offering six individual skills courses in golf, tennis, sailing, canoeing, archery, softball—as well as PED 220, Physical Education in the Elementary School. In this course, curriculum methods, materials and progression of activities in elementary school physical education will be discussed, demonstrated, and practiced.

Musical Skills for the Classroom Teacher (MUS 126) is designed to acquaint instructors with the basic skills, fundamentals, and music for students in elementary and special education curricula.

The scope of American public education is studied in Introduction to Teaching (EDU 221) providing

an orientation to the profession and a study of the nature of teaching, its opportunities, and responsibilities.

Educational Psychology (PSY 221) focuses special attention on formal education situations and problems and a study of human behavior and the conditions, both physical and social, by which it is modified.

The study of the physical, social, emotional and mental development of a child through adolescence is provided in Child Growth and Development (PSY 222).

Afro-American History (HST 240) emphasizes the contribution of the Afro-American to America's development and is designed to enable teachers to integrate Black History into the instructional program.

Summer classes begin June 14 and end August 6, with registration scheduled for June 10 and 11. Classes for the summer session are scheduled both daytime and evening. If you are interested in knowing more about the summer courses designed for teachers, or any of the many additional courses scheduled please call the Admissions Office at the College of Lake County, 223-8193, extension 10.

Emmons Nine Tops Grass Lake 8-4

On Thursday, May 13, the Grass Lake Braves traveled to Emmons to play the Raiders in a baseball game. Emmons, champions of the Big Six Conference's two other sports, football and basketball, and already 3-0 in conference baseball games, held on to an 8-4 win over the Braves.

Grass Lake came to bat first and Nohava, Grass Lake's leadoff man, stepped to the plate and smashed a liner into left field for a single. Next Payton went to first on four balls that sent Nohava to second. Bloom followed with a fly out. Chuck Smith then came to bat and got on second on an error that sent Nohava home and Payton to third.

Vaughn and Morrison then followed with successive fly outs. Emmons had a good first inning ending up with four runs. Bob Dodd led off with a triple into left field, and three successive walks sent him home, and Jim Agnes Kobelt, in memory of Peter Leiger.

Stewart Olson Impl., Emmons School Cheerleaders, Mr. and Mrs. Richard Leighton, in memory of D. Dodd.

Bob and Peg Webb, Mary Rose Griffin, in memory of John Murrie.

Citizenship: A Part Of 4-H Growth

Good citizenship speaks for itself through the actions of Lake County 4-H members, according to Bill Messerschmidt, adviser with the Lake County Cooperative Extension Service.

Four outstanding 4-H members, after being interviewed and having their records and achievements reviewed, have been selected and presented a scholarship to attend a Citizenship Short Course in Washington, D.C. in July.

The progress of these four in local 4-H and community activities demonstrated a potential for them to become future leaders in promoting outstanding American citizenship. Their responsibility, when they return from the Capital, will include presenting talks and slides to county 4-H Clubs and any other organizations who request them to speak.

The cost of the trip will be about \$200. A scholarship of \$110 is provided by the Lake County Farm Bureau, and one of at least \$15 will be given by the 4-H Junior Leader Organization to each delegate. Eight 4-H members applied: Janet Schoelzel, Millburn Meadows 4-H Club; John Sage, Park City Pacemaker Club; Alison Hevrdejs, Sequoit Suzies; Eileen Regner and Patsy Russell, Volo Busy Bees; Linda Fillmore and Skip Turville, Warren Wranglers; and Dolores Russell of Wauconda Ag.

The four selected are: Eileen Regner, Dolores Russell, John Sage and Janet Schoelzel. First Alternate is Alison Hevrdejs, second alternate is Pat Russell. However, there is a possibility that the remaining delegates will also be invited to attend.

The president of the Farm Bureau, Mel Kruger, presented the scholarships to the four delegates in April. Requests for speakers should be directed to Bill Messerschmidt at 223-8444.

ANTIOCH TOWNSHIP LIBRARY REPORT OF EXAMINATION For the Year Ended January 31, 1971

NORMAN S. JEDELE
Certified Public Accountant
Antioch, Illinois

Antioch Township Library Board
Antioch, Illinois

We have examined the balance sheet (arising from cash transactions) of the

ANTIOCH TOWNSHIP LIBRARY as of January 31, 1971 and the related statements of receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary.

In our opinion, the attached statements present fairly the financial position at January 31, 1971, arising from cash transactions and the related receipts and disbursements for the year then ended of the ANTIOCH TOWNSHIP LIBRARY in accordance with generally accepted accounting principles applied to municipalities on a basis consistent with that of the preceding year.

Yours very truly,
NORMAN S. JEDELE

She moved to Millburn in 1896 then to Antioch Township in 1917, and to Walworth County, Wis., in 1945. She was a lifetime member of Millburn Congregational Church, and past president of the Ladies Aid of that church. She was a 55 year member and past matron of the Millburn Chapter No. 570 of the Order of Eastern Star, and belonged to

And finally, in case an emergency does occur, keep a properly supplied first aid kit and a first aid manual in a handy place. Beside the antiseptics and dressing needed for minor cuts and burns, a gardener should have antidotes for pesticides.

Some Safety Ideas When In Garden

Spring is a time of anticipation. As the temperature begins to rise, people's thoughts turn to enjoying the fresh newness of the outdoors and the reawakening of nature.

Probably no one is more interested in the new life that springs forth than the home gardener.

As he plans his garden for the summer, whether it be vegetable or flower, for fun or profit, the Lake County Safety Commission urges that he also bear in mind the following safety rules:

Don't overexert yourself. Take it easy the first few days to let the winter softened muscle tone up.

If your plot has not been gardened before, rake it before spading to remove any trash which might cut children's feet.

Stand rakes and hoes against a fence or tree, out of the way of traffic so they won't trip anyone. If they must be left on the ground, turn the pointed or sharp edge down. The tines of a rake or a rusty nail can go through a sneaker or a thin-soled shoe.

Keep cutting tools sharp and store them where children can not get hold of them. This includes hatchets, axes and saws, sickles or scythes.

Fix loose handles on rakes, hoes, shovels and other tools.

Wear gloves to prevent blisters and splinters.

Use electrical tools only when the grass or foliage is dry.

I, Geraldine C. Olson, Treasurer of the Antioch Township Library fund of the Township of Antioch, County of Lake, State of Illinois, do hereby solemnly swear that the above report contains a full and true statement of all money belonging to the library stated received by me, and of all disbursements made on account thereof, during the period from February 1, 1970 to January 31, 1971, inclusive, to the best of my knowledge and belief.

College To Present Non-Credit Courses

In addition to the many credit courses offered for the College of Lake County summer session, five non-credit adult-continuing education classes are available to residents of the district, announced Dr. R. Ernest Dear, dean of instruction at CLC.

Dr. Dear pointed out that "Non-credit classes are designed primarily for those students who wish to pursue a special interest, prepare themselves for a better paying job or attending the college for the sheer enjoyment of learning new things. Adult education courses require little or no homework, have no prerequisites, and no grades are given."

Non-credit courses which will meet for eight weeks on the Grayslake campus are Shortland Speed Building, designed for students who wish to improve their shorthand ability, and emphasizing correct and faster, useful shorthand, meets on Monday and Wednesday evenings from 7:15 to 9:30 p.m.; Typing Production and Speed Building, emphasizing the development of typing speed, tabulation, and letter forms will meet from 7:15 to 9:30 p.m. on Tuesday and Thursday; Fundamentals of Digital Techniques, designed to acquaint the practicing engineer with fundamental applications of switching circuits, will meet on Monday and Wednesday evenings, starting at 7:15 p.m. \$29.25 will cover tuition and fees for each of these three courses.

Meeting on Monday evenings, for five weeks only, will be Home Landscaping: Design and Maintenance. This course, carrying a \$9.75 tuition and fee cost, will develop the basic do's and don'ts for landscaping your own home, placement of shrubs and flowers, maintenance of lawns, and selection and care of plantings.
